Gina, I noticed on you calendar for today that the meeting with Gary Hirschberg also includes Phil Landrigan (Mt Sinai Hospital), John Worgan (Yale), Physicians for Social Responsibility, EWG, and others.

We sent to your office late yesterday a a summary of the comments we have received with our draft responses. It is somewhat long but gives a feel of they types of comments and our initial reaction. I'm reviewing with the team today.

For today's meeting I'd recommend saying we have gotten their comments and are reviewing them now.
